

THE SOLVE PARENTING SERIES

6-WEEK INTERACTIVE WORKSHOP

Our signature training designed to help caregivers move beyond reacting to behavior and toward understanding, teaching, and building lifelong skills.

You leave with a personal SOLVE plan for your family's biggest challenge and the skills to build the next one yourself.

Part 1: Understanding Your Child

Learn to see beyond the behavior. Discover how connection, emotions, brain development, and behavior work together so you can respond with greater understanding and intention.

Part 2: Build Lifelong Skills

Teach the skills that matter for life. Learn how to foster confidence, executive functioning, independence, and intrinsic motivation while strengthening your relationship.

Part 3: Apply with Confidence

Turn knowledge into action. Use the 2villages SOLVE Framework to thoughtfully work through everyday parenting challenges and choose strategies that support your child's unique strengths and needs.
